

Dear Members,

Spring has Sprung and NLETS has much new growth too!

We are now fully online! **The online directory is available for trading.**

All members for whom we have a current email address have been sent their password. Go to the NLETS website <<http://www.nleets.org.uk/>>, 'Members Area', and enter your membership number and password in order to log on.

You can then enter your offers and wants as you'd wish them to appear in the directory. It is important that this is done quickly so that other members can see them.

You can also send pledges to other members. However, if you have been given a cheque, please send it into the office as usual.

It's all looking good so far and it really is an exciting new development, making us much more accessible. To have a directory, both online and manual, that fully represents the whole of our membership, however, we do need everyone to use their password and 'log on'. If you have not received any logon details, it may be that we do not have a correct email address for you. Please let us have this information as soon as possible.

If entering details online is a problem for you, for example if you did not receive your password, go to "Contact Us" on the website and send a message. If you do not have an email address, please call the office, or email [admin@nleets.org.uk](mailto:admin@nleets.org.uk). We can arrange for someone to help you and/or we can enter details for you.

Our manual directory may be delayed as we cannot go to print until **all members have logged on and entered their current offers and wants**. Once this is all done our directory will be up to date.

### **Other news**

We are holding our **annual 'Love London' sustainability event with trading/ treatments/ presentations and entertainment on the 6th June. See details overleaf.** Anyone wishing to do further stalls/ presentations please contact Rebecca; [solsticechild63@yahoo.co.uk](mailto:solsticechild63@yahoo.co.uk) or Fiona 020 7503 4149

### **Up and coming vacancies;**

**Intro Team Members:** Mary Fee and Woody have both initiated and done tremendous work establishing us online. They now want to focus their energies on overseeing and facilitating this valuable process and so are looking for members to replace them on the intro team. We thank them enormously for their input to date.

**Online Support and Local Representatives:** Needed to assist people going online or entering data for those unfamiliar with database systems. Also Local Reps to hold local intro meetings in their own areas.

**Special Projects Officer:** Another exciting new initiative is to enable local groups to become members under the umbrella of NLETS and facilitate even more localised trading. They could also apply to the Management Group for pledge grants/funding to establish themselves. This area is still under development but we need a member who is knowledgeable about NLETS to oversee the projects. The latest named roles and duties can be seen on our web site [www.nleets.org.uk](http://www.nleets.org.uk).

We look forward to seeing all of our members online (Get typing!) and in person on the 6th June.

Best wishes,  
NLETS x
