Update  
April 2018

Dear Members

Things have been fairly quiet recently with Nllets – apart from the issues we've had with breakaway web systems and the sad loss of key member Helen Berenger - who used to hold the office together, as well as singing beautifully at our quarterly socials - the main problem, having had to move out of our office base since we could no longer afford the rent, seems to be that we haven't figured out where to host our socials! However, members have been in touch with offers to host events at community centres or cafés, and rotating around venues in North London seems a very creative idea – so please reply with your suggestions, so that we can plan our next event:

The good news is that we have received an invite from the **Workers Beer Company**: "Another busy season beckons with new and exciting events...."

We are delighted to inform you that we will be working in partnership with the Labour Party at the recently announced **Labour Live event, which will take place at White Hart Lane Recreation Ground on Saturday 16th June 2018.**

This is a brand new one-day festival of music, art and politics that brings together our incredible movement with a great line up of bands, speakers from across literature and politics, campaign training, food and drink, kids' entertainment – and hopefully a bit of sunshine too. Places for this event will be prioritised for CLPs and Labour led campaign groups but other organisations are welcome to apply.

**OTHER AVAILABLE EVENTS are:**

- **Liam Gallagher, Queens of The Stone Age and The Community Festival – Friday 29th, Saturday 30th and Sunday 1st July 2018 – Finsbury Park, London.**
- **Lovebox/ Citadel, Friday 13th July, Saturday 14th July and Sunday 15th July 2018 – Gunnersby Park, London.**

The way it works is that volunteers who are accepted for running the bar at an event get free entrance, and earn pledges for their time, and Nllets receives much-needed funds. If you would like to apply, contact **Alan Newman "Nllets WBC Coordinator"** [nlletswbccordinator@galaktikas.me.uk](mailto:nlletswbccordinator@galaktikas.me.uk)

Regarding re-activation of Nllets, it looks like drastically reduced numbers using the CES system points to re-adoption of the Local Exchange System (and a subscription amnesty). If you have any views on this please reply to: [admin@nllets.org.uk](mailto:admin@nllets.org.uk)
